LATEST BY PONY EXPRESS.

DATES FROM ST. JOSEPH TO SEPT. 10.

Progress of the Great Rebellion.

YREKA, Sept. 21, P. M.

Jacobs Wells Station, 225 miles east of Fort Churchill, Sept. 20. The Pony Express with dates from St. Joseph to the 10th inst., arrived here this morning at 9 o'clock.

A note from the Operator, dated Sept. 15, 150 miles east of Fort Kearney, says that for "four days we have got no reports from the East until just now, and have not time to make a summary. The reason we have received no reports from the East is, that the telegraph, railroad, and boat communication is cut off through Missouri. The gap in the rear will be closed in a few days to Julesburg, when your dispatches will be sent to within 300 miles of Salt Lake."

Outer Station Pacific Telegraph, 16 miles west of Fort Kearney, Sept. 7th.—The rebels' outposts are now but 5 miles from the President's house, and 3 miles from Arlington Heights.

At daylight this morning, a relief guard of Federal troops was fired upon by a body of the enemy, near Hunter's Chapel, on the Virginia side of the Potomac.

At sunrise, two companies of our troops were sent out to reconnoiter, and discovered the rebels had taken position at Bull's Cross Roads, and had thrown forward two regiments during the night. These regiments are now posted along a little creek, in a wood near Hunter's Chapel.

The enemy's forces had left Morrison's Hill and occasionally shots are fired from the hill at the Federal pickets.

CAIRO, Sept. 7.—Gen. Pillow and Polk are at Columbus with 7,000 men.

Jeff. Thompson is in Missouri, directly opposite, with the balance of forces.

WASHINGTON, Sept. 7.—Gen. McClelland has issued a general order commanding more general observance of the Sabbath.

The War Department has received a dispatch from Gen. Rosencranz, commanding in camp, and near Shelter, Va., dated Sept. 6, from which it appears that all is well with his command there.

A special dispatch to the Cincinnati *Commercial* from Camp Smith, Va., Sept. 8, says that Gen. Rosencranz left camp and swept over the three mountains in force.

The rebels are in force a few miles beyond and a fight is expected soon.

The Charleston *Courier* of the 5th says that the whole coast of St. Augustine is blockaded and reports that vessels loaded with coffee and fruit run the blockade on the 24th of August under a heavy fire from the fleet.

Passengers from Manassas say that the confederates killed 300 federals and lost 200 in a sharp fight while taking possession of an important hill near Arlington heights.

The Clarksville *Jeffersonian* says the cars from the south have been crowded for the last ten days with passengers who have been compelled to fly to avoid being impressed into confederate service.

ST. LOUIS, Sept. 8.—Gen. Fremont left for Cairo yesterday.

LEAVENWORTH, Kansas, Sept. 14.—The town of Humboldt, Kansas, has been sacked by a gang of white marauders disguised as Indians, headed by a man named Mathews, an Indian trader. Most of the men capable of defending the town were absent with Gen. Lane.

CAIRO, Sept. 10th.—A fight occurred this afternoon at Lucas bend between the gunboats *Conestoga* and *Lexington*, and shore batteries. The firing continued all afternoon but without much damage to either side.—The tug *Yankee* had her chimnies carried away by a shot, and the federals had one man killed.

RANDALL Co., Maryland, Sept. 7th.—The rebels kept up an almost incessant firing on our men at the ferry. An attempt was made as if they intended to cross yesterday. There was brisk cannonading at Edward's Ferry; this may be their plan of drawing attention from their works which are said to be in progress on the ferry road leading to Leesburg.

WASHINGTON, Sept. 10th.—The greatest activity prevails in all the departments of the navy yard. 1675 men are employed, many of them night and day. Shot, shell and all kinds of ammunition continue to be forwarded to many points in immense quantities.

NEW-YORK, Sept. 10.—An arrival from Barbadoes reports the arrival in that vicinity Aug. 20, of the privateer Sumter, short of coal. The government authorities refused her a supply at that place.

BALTIMORE, Sept. 10th.—A letter in the Baltimore *American* from near Leesburg says that the whole Mississippi regiment stationed there revolted, broke their muskets and started for home.

Two hundred of our scouts were driven into traps, at Norfolk, by 2000 rebels.

No less than 15,000 are encamped at Columbus. They were largely reinforced yesterday.

GEN. MCCLELLAN VISITS A REGIMENT INCOG.—Washington, Aug. 20.—Gen. McClellan is in the habit of riding around occasionally in citizen's dress, accompanied by a few of his staff. A few days ago he was walking through one of the encampments across the Potomac, and passing the rear of the tents he saw a bucket of coffee standing near a fire. He asked what it was, and one of the soldiers said "coffee." "It looks more like slops," he replied. "Oh," said the soldier, "it is not fit to drink, but we have to put up with it, and our other food is not a bit better." "Well, whose fault is it?" he asked. "Oh, our Quartermaster is drunk most of the time, and when he is not he is studying how to cheat." McClellan passed on, and seeing more evidence of the slovenly and dirty manner in which the Quartermaster conducted his operations in his tent, he accosted him with the remark that the men were complaining of bad treatment from him. The Quartermaster flew into a passion, and swore it was none of his business, and he had better not come sneaking around, trying to make mischief. McClellan answered him, telling him he had better be cautious how he talked. The Quartermaster replied, "Who are you, that you assume so much apparent authority?" "I am George B. McClellan, and you can pack up your traps and leave!" The Quartermaster was struck dumb, and McClellan turned and left him. That evening the Quartermaster left to the tune of the "Rogue's March," played by some of the boys who had got wind of it. They now have a Quartermaster who does not "get drunk and cheat," and that regiment would risk their lives at the cannon's mouth for the man who does care how the men are provided for. The story has been circulated around some of the camps, and the officers are now always on the lookout for the General, and of course do not have too much lying around loose. The moral effect of that action will be worth more to the men than the "inspection" of a dozen regular officers, who always let the men know when they are coming, and are then surrounded by a clique who suppress the truth, and keep off those who have a right to have their complaints heard.—*Correspondence of the Philadelphia Inquirer* (*by Pony Express.*)

GALLANT CONDUCT OF GOVERNOR SPRAGUE.—A gallant exploit of Governor Sprague is related by Capt. Hawley, editor of the Hartford *Press*, and participant in the battle of Bull Run. During the battle the Rhode Island battery became ineffective for want of ammunition. The wagons containing it were on the opposite side of an open space which was swept by the fire of the enemy, rendering it so dangerous to cross that no one dare go for the ammunition. Gov. Sprague riding up and seeing the emergency, cooly galloped off across the field, amid the iron hail, reached the wagon, and throwing one leg over his saddle so as to form a receptacle for carrying ammunition, piled on enough to serve all the guns once, and triumphantly rode back to his battery. After this there was no difficulty in getting men to go for ammunition.

INDIANA AND ILLINOIS.—Gov. Morton, of Indiana, says, it is reported that, though his State has furnished its quota, thirty-seven regiments, she can give the Union one hundred just as well, and will do so if they are wanted. He further says that in the West there is no hesitancy—no attempt at shortening enlistments—no organized political disaffection to the war, but that the feeling to support the Government and put down the rebellion is universal and earnest. Indiana and Illinois will each furnish one hundred thousand men, if necessary, to put down this rebellion—and duplicate the number if required. All that the men ask as a condition of enlisting for the war, is that the authorities of the State and the Nation shall furnish them with good arms and equipments, provide well for their bodily comfort, and give them military leaders in whom they have confidence.

There seems to be a very great dread of Home Guards among Secessionists, in the South. We hope there will be a company formed in every settlement. No harm, but much good, will result from these organizations.

The *Oregon Democrat* intimates that Government will not issue patents of land to traitors in this State.

It is said that Nez Perces miners are going to the Malheur mines, which are extensive, rich, and easily worked.

An up-country editor says that Gov. Whiteaker is determined to appoint a Senator any how. Good!

Mr. Bush writes from the East to the *Statesman*:

"I notice the Secessionists of Oregon are anxious to 'reorganize the Democratic party.' I hope no honest man will put his foot into that pitfall! * * * *

"What more occasion have we in Oregon for defunct political parties than they have in Kentucky and Missouri? Do you hear of Democrats, of Republicans, or of Whigs there? They have two parties and but two—Union and Disunion. Let us so divide in Oregon while this dreadful danger hangs over our common country."

The New York *Courier des Francaise* has become a Union paper.

A Minnesota paper says, that "gold mines have been found on the North Fork of the Saskatchewan river. A small party had brought in $1200 in gold dust."

The candidates for Col. Baker's seat in the Senate, have gone to their usual occupations. Gov. Whiteaker is supposed to be engaged in writing "straight-out republican" letters for the Eugene Herald, or some other equally valuable paper.

The Jacksonville *Sentinel* has information that 300 wagons, with this year's emigration had stopped in the Grande Ronde, in the Blue Mountains, with the intention of settling there.

A letter from Salt Lake of the 14th says that "there is every chance of our daily mail being cut off east of this by the secessionists of Colorado. Gov. Gilpin is making efforts to protect the mail."

The Victoria *Colonist* of Sept. 10, says—"The Assembly yesterday settled the knotty question of a steam subsidy of £2,500 for direct steam communication with San Francisco for six months."

The population of Washington Territory according to the recent census, is 11,573 souls. Increase within the last ten years, 10,339.—Two years from hence there will be a greater population in Washington Territory east than west of the Cascade mountains.

All persons who have passed over the new military road between the mouth of the Cowlitz and Olympia, speak in high terms of the work.

A MISERABLE LIE.—The Oregon *Democrat* says that the *Pine and Palm* is a republican paper.

No flag but the Old Flag—the Red, White and Blue,
With the stars of a Union unbroken and true
Arise and defend it ! ye sons of the brave
Whose blood bought the banner your valor must save

THURSDAY MORNING, SEPT 26 1861

This Day has been set apart,

On request of the Congress of the United States, by joint resolution, as a "day of humiliation, prayer and fasting," on which to "offer fervent supplications to Almighty God for the safety and welfare of these States, his blessings on their arms, and a speedy restoration of peace "

The following is the resolution of Congress

A RESOLUTION requesting the President of the United States to recommend a day of public humiliation, fasting and prayer.

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That a joint committee of both Houses wait on the President of the United States and request that he recommend a day of public humiliation, prayer and fasting to be observed by the people of the United States with religious solemnity, and the offering of fervent supplications to Almighty God for the safety and welfare of these States, his blessings on their arms, and a speedy restoration of peace. [Approved, August 5, 1861

In accordance with this resolution the President of the United States issued the following Proclamation :

Day of Fasting, Humiliation and Prayer.

A Proclamation.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

WHEREAS, A Joint Committee of both Houses of Congress has waited on the President of the United States, and requested him to recommend a day of public humiliation, prayer and fasting, to be observed by the people of the United States with religious solemnity, and the offering of fervent supplications to Almighty God for the safety and welfare of these States, His blessing on their arms and a speedy restoration of peace ;

AND WHEREAS, It is fit and becoming in all people at all times, to acknowledge and revere the supreme government of God, to bow in humble submission to his chastisements, to confess and deplore their sins and transgressions in the full conviction that the fear of the Lord is the beginning of wisdom, and to pray with all fervency and contrition for the pardon of their past offenses, and for a blessing upon their present and prospective action,

AND WHEREAS, When our beloved country, once, by the blessings of God united, prosperous and happy, is now afflicted with faction and civil war, it is peculiarly fit for us to recognize the hand of God in this visitation, and in sorrowful rememberance of our own faults and crimes as a nation and as individuals, to humble ourselves before Him, and to pray for His mercy—to pray that we may be spared further punishment, though justly deserved, that our arms may be blessed and made effectual for the re establishment of law, order and peace throughout our country, and that the inestimable boon of civil and religious liberty, earned under his guidance and blessing by the labors and sufferings of our fathers, may be restored to all its original excellence ;

THEREFORE, I, Abraham Lincoln, President of the United States do appoint the last Thursday in September next as a day of humiliation, fasting and prayer for all the people of the nation, and I do earnestly recommend to all the people, and especially to all ministers and teachers of religion, of all denominations, and to all heads of families, to observe and keep that day according to their several creeds and modes of worship, in all humility and with all religious solemnity, to the end that the united prayer of the nation may ascend to the Throne of Grace, and bring down plentiful blessings upon our own country

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the great seal of the United States to be fixed this 12th day of August, A D 1861, and of the Independence of the United States of America the eighty-sixth

By the President,

ABRAHAM LINCOLN.

Interesting to the People on the Pacific Coast.

Our Eastern despatches come invariably of late, through the Agent of the Sacramento *Union*. He writes from St. Louis :

"I have just perfected arrangements with C M Stebbins, of the Pacific Telegraph, by which news will reach California *two days sooner* than at present. The eastern end of the line, you will perceive, is pushed on, and in working order, about one hundred miles west of Fort Kearney. The dispatches telegraphed from St Joseph stop at this point and are conveyed to you by Pony. The parties who are building from Julesburg to Salt Lake City have completed nearly two hundred and fifty miles—to some point beyond Fort Laramie, the name of which has not yet been settled, perhaps. By permission of Wade, President of the Company, Stebbins will this week dispatch two operators who will work so much of the line as has been completed between Julesburg and the point beyond Fort Laramie mentioned above. The transmission of news will then be as follows. By telegraph from St Joseph to one hundred miles west of Fort Kearney, thence by Pony to Julesburg, by telegraph from Julesburg to a point nearly two hundred and fifty miles from the latter place, there the Pony will take up the dispatches and convey them to the first telegraph station on your side of the continent. By this means we shall gain *two days* to Sacramento and San Francisco, by telegraph. Won't this be a feather in your caps on the Pacific side ?"

THE BOSTON POST.—This is the great Democratic paper of New England. Secession papers—such as the Portland *Advertiser*—often refer to it. That paper publishes a letter from a correspondent who says the President should issue a proclamation calling for three hundred thousand more men, and if as many do not volunteer, draft enough to make up the deficiency at once. The country will hail with delight a show of such energy and determination. It is but by superior, overwhelming numbers we can anticipate a satisfactory result from our efforts. We are on a lee shore but have good holding ground. If our navigators will put out *all* their anchors we can hold on ; but if they put out only one at a time, *guessing* that that will be strong enough, we shall soon drift where anchors will do us no good. The *Post's* correspondent concludes thus

For Missouri we need ... 50,000
Tennessee ... 50,000
Virginia ... 250,000
Southern Coast ... 200,000

Total number of men ... 550,000

GEN SHIELDS BRIGADE.—The Chicago *Tribune* says "We referred yesterday, in an extended notice, to the Shields Brigade, of five thousand men, and are glad to learn of a spirited and characteristic movement among our Irish fellow citizens, looking to the formation and equipment of an Irish regiment in this city and section, to place itself under the gallant Brigadier, a tried soldier and brave and loyal man."

A Parallel John Hook and the Sympathetic Press

During the Revolutionary War, a portion of the American army being on its march through Virginia, found it necessary to press oxen and horses into the service for transportation purposes. Among those who had oxen taken was a penurious old fellow named Hook —a man whose heart was about the size of a chicken's gizzard. This Hook had a yoke of oxen pressed and after they had done service as beasts of burden, they were killed to supply an urgent want of meat. Now the Quarter-master had a right to use them for draft but not to have them eaten, so Mr Hook determined to hold the officer who had taken them pecuniarily responsible. Soon after peace was declared, then Hook let loose the hounds of the law on the officer who had taken his oxen. Patrick Henry was retained for the defense—pity we had not some of Patrick's kind now—and he scorched old Hook severely. He commenced by describing the campaigns against the British power which had ended in American freedom. The scene at Lexington when the first great sacrifice was made; Bunker's Hill—memorable in all time to come; the disasters of Long Island and White Plains; the battle in the Jerseys, the winter at Valley Forge, the battles on the Hudson, the terrible defeat at Brandywine, the mistake at Germantown, Greene's campaigns in the South, and all the scenes of devastation, the weary marches by day and night under the burning sun of summer and the biting frost of winter; the heroic labors and sacrifices of the Continental army were all, all pictured in words that burn. He told the story how that their blood had marked the foot-prints of their bare feet when they charged over snow and ice at Trenton and how that Greene's bravest troops at Eutaw Springs charged without clothes to shield them from the burning sun of the Carolinas, and how these naked men bound bunches of moss on their shoulders to keep their muskets from bruising them. These *facts*—and many more—which will be told to the eternal honor of our ancestors when the traitors of this day are forgotten, or remembered to be despised—Patrick Henry dilated upon. Then he changed to the glorious campaign in Virginia of 1781. With the fall of Yorktown, independence was established, and one universal hymn of thankfulness arose from an enfranchised people, broken only by one discordant sound ; that of "the voice of John Hook claiming his pay for two beeves!"

At this time—when all but the Secession sympathizers are intent only on upholding the Union and enforcing the laws, we hear little Joe Lane papers in this State talking about reorganizing the party, and endeavoring by every wile to induce good citizens to side with them. Thus, showing that they value their party more than they do their country, and that they are determined to keep up party feeling to advance their own selfish interests. When there is but one cry and that is for a vigorous, aggressive war —these little fellows raise the delusive cry of "Peace" Yes, but peace on what terms? Oh any terms that will satisfy everybody ! Yes ! every ruffian who has dare resist the law

The national voice is raised in one accord for war—none but partizans have an object in producing discord, and the note sounded by them will damn them as effectually in the future as John Hook's dirty penuriousness has him. If any of them ever become famous it will be as this stingy fellow did—they will be noted as the men who had the unutterable meanness to propose a dishonorable peace.

The *Advertiser* seems to be in trouble about Thomas B. Lincoln, who was arrested in Cincinnati as a spy. Probably the *Advertiser* has some reason for his anxiety. The following note was found upon Lincoln from the *Advertiser's* particular friend, the traitor from Indiana :

WASHINGTON D. C. March 1

To his Excellency Jefferson Davis, President of the Confederation of States

MY DEAR SIR : Allow me to introduce to your acquaintance my friend Thomas B Lincoln of Texas. He visits your capital mainly to dispose of what he regards as a great improvement in fire-arms. I commend him to your favorable consideration as a gentleman of the first respectability and reliable in every respect. Very truly yours

JESSE D BRIGHT

It thus appears that Bright—so often quoted with approbation in the *Advertiser*—was in correspondence, and fostering the designs of His Excellency, Jefferson Davis, President of the Southern Confederation of States" while he was in the U S Senate, acting under his official oath !

CITY.

THAT BUTTER!—We have been presented by R. Pittock & Co., with a most beautiful specimen of fine butter, manufactured by Mrs John Laughlin, of Yamhill County This butter in our opinion, cannot be excelled by any manufactured on this broad earth Mrs. L designs to take some of her butter to the Fair where the farmers and their wives, of Yamhill County, will be well represented Messrs Pittock & Co., have now made engagements for the butter of several of the finest dairies in Yamhill County.

Capt. James Strang left last night on the steamer *Cortes* for San Frascisco, and Los Angeles, for the benefit of his health

GOLD DUST.—One hundred thousand dollars was shipped on the steamer *Cortes*, which left last night, for San Francisco

ASSAULT TO MURDER.—Henry L Sutton, the nominal editor of the Port Townsend *Register*, committed an assault on the person of a Mr. Bowen, in consequence of a dispute about some money matter On the 13th inst he was arraigned before a Magistrate at Port Townsend, and fined During the evening he had some harsh words with Mr Bowen about it, and, making off to his office, got a revolver, with which he returned and fired at Bowen—fortunately missing him Having been arrested he succeeded in bamboozling the sheriff and escaping Dr P. M O'Brien is mixed up in the affair

EXPORTS.—The steamer *Cortes* which sailed yesterday evening for Fort Vancouver to take on board a number of mules and horses, for the U. S. Quartermaster's Department, at San Francisco, took as freight from this port 500 sacks flour, 1,181 boxes apples, 16 cases apples, 30 bbls butter, 45 boxes butter, 24 boxes eggs, 3 kegs eggs, 9 rolls leather, 2 cases merchandise, 5 cases boots, 35 bales hay, 109 bags clothing, 40 boxes military stores, 3 coops chickens, and 5 bundles poles

A despatch from San Francisco of the 18th says that 43 politicians and late office-holders in that State were about to leave that city, for New Orleans, to join the confederate army Gen. Sumner should lay his hands on them

A party of Eastern emigrants were robbed of their stock and other property, by a party of Bannock Indians, near the Humboldt. It is supposed that the stock were to be driven to Deer Lodge Valley, Washington Territory These Bannock Indians seem to be allowed to commit robberies and murders with impunity

The population of Siskiyou county, Cal., is much less than it has been for many years—its people having migrated to the Nez Perce mines.

Mr. Dodge, late of Eugene City is collecting material in Walla Walla to put up a building for a printing office He contemplates presenting to the people of that region the *Northern Light*

In the schools of France the highest prizes are often awarded to practitioners in this department of medical science and they occupy with others an equally lofty position in the profession Ricord is an illustrious example, a shining light among the philosophical stars of this age in Europe and Dr Czapkay has fully equalled him in this country; as a proof of which the Philadelphia College of Medicine complimented him with a Diploma, and the honorary ad eundem degree. Selecting this as his field of practice, although qualified as a graduate of the University of Pesth, and late Chief Surgeon of the Hungarian Revolutionary army for more extended labors, Dr. L J Czapkay has bent his earnest attention to the cure of chronic and private diseases in which he has become so great an expert that he is now regarded as the LEADER in this branch of his profession throughout the United States and his portrait and biography are published as matter of interest to their readers in the most exclusive journals The Doctor's offices are at his Medical and Surgical Institute, Sacramento street corner of Leidesdorff, nearly opposite the buildings of the Pacific Mail Steamship Company San Francisco. Of all diseases, the first great cause
Springs from neglect of Nature's laws

To the Afflicted!

Suffer not when a cure is guaranteed in all stages of secret disease—Self Abuse, Nervous Debility Syphilis in all its stages, Strictures, Gleet, Gravel, Diabetes diseases of the Kidneys and Bladder Mercurial Rheumatism Scrofula Pains in the Bones and Ankles diseases of the Lungs Throat, Nose and Eyes Ulcers upon the Body or Limbs Cancers, Dropsy, Epileptic Fits, St Vitus Dance—and all diseases arising from a derangement of the sexual organs—such as Nervous Trembling Loss of Memory Loss of Power General Weakness, Dimness of Vision with peculiar spots appearing before the eyes Loss of Sight Wakefulness Dyspepsia, Liver Diseases, Eruptions upon the Face Pains in the Back and Head Female Irregularities—and all improper discharges of both sexes It matters not from what cause the disease originated however long standing or obstinate the case recovery is certain and in a shorter time than a permanent cure can be effected by any other treatment even after the disease has baffled the skill of eminent physicians and resisted all their means of cure. The medicines prescribed are pleasant, without odor entirely vegetable causing no sickness, and free from mercury or balsam During [illegible] years of practice in Europe the Atlantic States and California, I have rescued from the jaws of death many thousands who in the last stages of the above mentioned diseases had been given up to die by their physicians, which warrants me in promising to the afflicted who may place themselves under my care a speedy and permanent cure. Private diseases are the greatest enemies to health, as they are the first cause of consumption, scrofula, and many other diseases and should be a terror to the human family A permanent cure is scarcely ever effected—a majority of cases falling into the hands of incompetent persons, who not only fail to cure the disease but ruin the constitution filling the system with mercury, which with the disease, hastens the sufferer into a rapid consumption. But should the disease and the treatment not cause death speedily and the victim marries the disease is entailed upon the children, who are born with feeble constitutions and the current of life corrupted by a virus which betrays itself in scrofula, tetter, ulcers, eruptions and other affections of the skin, eyes, throat and lungs, entailing upon them a brief existence of suffering, and consigning them to an early grave.

Self abuse is another formidable enemy to health, for nothing else in the dread catalogue of human diseases causes so destructive a drain upon the system—drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the nervous system, rapidly wastes away the energies of life [illegible]

Remarkable Instance of Medical Relief.

Below we publish the certificates of three of the sufferers from the ravages of disease, who having recovered their former health, and impelled by gratitude, make known their cases and remedial agent and their statements authenticated by a Notary Public. Their [illegible] imperiously command their publicity and we commend their perusal to the attention of all afflicted

Certificate—The undersigned desirous of acquainting those who may be unfortunate enough to be similarly afflicted where a permanent relief of their sufferings may be found feels it his duty to thus publicly express his most sincere gratitude to Dr L J Czapkay for the recovery of his health. Being down by the distressing symptoms incident to the vicious practices of uncontrollable passion in youth, depressed in body and mind, unable to perform even the most trifling duty imposed upon the ordinary avocations of life, I sought the advice of many physicians who at first regarded my disease as of trifling importance but alas, after a few weeks and in several instances months of their treatment, I found, to my inexpressible horror that instead of relief, my symptoms became more alarming, [illegible] and being told by one that my disease being principally confined to the brain, medicine would be [illegible] I despaired of ever regaining my health strength and energy, and as a last resort, and with but a faint hope called upon Dr Czapkay, who after examining my case prescribed some medicine which almost instantly relieved me of the dull pain and dizziness in my head. Encouraged by the result I resolved to place myself [illegible] under his care and by a strict obedience to his directions and advice my head became clear, my ideas collected, the constant pain in my back and groin, the weakness [illegible] the nervous reaction of my whole body on the slightest [illegible] want of energy and [illegible] the incapability to study and want of resolution, the frightful exciting and at times pleasurable dreams at night followed by involuntary discharges have all disappeared and in fact, [illegible] after having consulted the doctor I felt as if inspired by a new life—that life which but a short time ago I contemplated to end by my own hand. With the view to guard the unfortunate from falling into the snares of incompetent quacks I deem it my duty to offer this testimony to the merit and skill of Dr. Czapkay and recommend him to all who may stand in need of medical advice being assured by my own experience, that under his care a radical and permanent cure will be effected.

MARYSVILLE, June 5th, 18[illegible]

DR L J CZAPKAY, San Francisco—Sir I have [illegible] last of your medicine, and do not think I shall need any more as I feel very well, except that I have not entirely got my strength yet, but soon will with the appetite I have. It is just three weeks you may recollect, since I came to your institute with my constitution as I thought, entirely ruined and never thought you would be able to cure me perfectly but thought you might be able to do something to ease the pain in my back and head and strengthen my nerves so that I would not get excited and tremble at everything Now that you know what I expected, you may judge of my satisfaction at my complete recovery from these symptoms and the removal of those sores and blotches from my skin and the ulcers from my throat and the entire stoppage of those emissions, which you said were principally the cause of my sickness I can hardly tell you which is the greatest, my joy or my surprise, for except not having got my strength, I feel as well as any man can feel.

Enclosed I send you twenty dollars over your charge, as I think myself cheaply cured If you think anybody will be benefited you may put this letter in the newspaper. I have me gratefully yours,

THOMAS HAYDEN

Thankfulness is the incentive to gratitude.

CERTIFICATE.—Prompted by an honest desire of my heart, I wish to lay before the public a case which deserves commendation, not only as an act of scientific skill, but of humanity also About two years ago, I suddenly, and for causes unknown to me, was seized with a fit of epilepsy, which, owing to my inability to meet the expenses consequent upon a thorough medical treatment, and the discouragement which I met with on attempting it, soon became such (I was then led to believe) as to defy the skill of any physician I was frequently while in pursuit of my calling thrown down to the ground without the slightest warning, and although insensible to the agonies, I yet deplored the miseries of my life and soon learned to look upon those who would render assistance or shelter me from danger as enemies who sought to prolong the existence of my [illegible]. While in this state, and having previous to my affliction tasted the sweets of life, I once more was induced to try seeking aid of a physician, and by recommendation called upon Dr L. J Czapkay I told him of my [illegible] and of my inability to reward him for his services; [illegible] of which, however he at once undertook my case, and with the blessing of God I was once more restored to perfect health Unable to reward him for the boon which I enjoy at present, and yet conscious of my indebtedness, I [illegible] due to myself and all afflicted to make the case public in order that those in need of medical advice may find a physician in whom every confidence can be placed.
